Customer Reviews

This is an out of print book that is very difficult to find. I was able to purchase a "used,good condition" that was actuallylike new when I received it. The price I paid was a fantastic bargain. The book is in story book form, with beautifulillustrations. When completely colored, (I recommend colored pencils) it is something you will be proud to have. The paperis of good quality, and I think anyone that enjoys a more advanced type of coloring, would be very pleased with this book.
