Good Night, Teddy

Synopsis

This adorable padded cloth book for baby comes with a miniature soft, pajama-clad Teddy bear that can be taken out from the bed blanket on the book's front cover. The seven bright illustrations on the book's pages show charming scenes that every toddler will recognize--at play, at mealtime, at bath time, and more. Each illustration comes with a little pocket where Teddy can be inserted as part of the new picture. The tiny Teddy is attached to the book's spine with a ribbon, so he can't get lost. There is a cloth carrying handle on the book's spine and a Velcro tab to keep the book closed. The book and Teddy come packaged in a clear plastic carrying case. (Ages Infant-3)

Customer Reviews

I got this book for my 17 month old daughter and she LOVES it! She wants to read it again and again. The bear is attached by a short ribbon and each page features a different pocket or activity that the child can do with the bear- he even has his own tiny red pjs to put on and teddy bear to tuck into bed with him! I can see this book will be great for my daughter for the next few years. I think most toddlers and preschoolers would love it and would be able to put the bear into all of the pockets easily and independently. If you are looking for a book to use in the car or bed, this would be a nice soft choice.

I bought Goodnight, Teddy for my first niece when she was born, and four years later my sister still reads this book to both of my nieces almost every night (which speaks volumes how durable the book is). It's a lot of fun to flip through and the kids enjoy the interactive components of the book (tucking teddy in, cute rocking horse, etc). I've given it as a gift many times now, and the kids always love it. Inexpensive and lasting-- great buy!

This is a fun and interactive book. It is well made and has withstood our little one, who is rough on books. The size (7-1/2" square) is perfect for toddlers. Teddy is attached by a ribbon to the spine of the book. He is inserted into each scene (dinner table, bathtub, dad's lap, mom's hug and bed) and some have extra moveable elements (rubber duckie in the bathtub, toothbrush, teddy bear in bed). I must note that the bear in our book does not look like the one pictured on . The bear in the stock photo has a snout/muzzle while the one we received is flat. It is still cute but the one in the stock photo looks cuter.

I love this product. The book supports literacy and language development. The text is just right and I love how interactive this book is. The cover is a very soft fleece. I could easily see this book becoming a child's "comfort" item. It would be a perfect book for a family with a younger and older child. I bought 5 more to give out at baby showers! It's a timeless gift that is appropriate for a boy or a girl. A unique book that I haven't seen many places.

Bought this book for a long car ride. We have a 2-1/2 year old and an 11 month old and they were both entertained for a decent amount of time with this. The youngest loved chewing on it and playing with the teddy bear. The oldest loved using the book as it was intended and putting the bear through its nightly activities. Great quiet book for church, restaurants, and car trips.

Well-made. Long-lasting. Gently washable. Encourages love of books by being easy for baby to turn pages. Imaginative pictures encourage baby's understanding of her (and Teddy's) world.

Darling book for bedtime or anytime. Well-made, colorful and soft. The illustrations are not too busy, and the teddy bear is adorable. Perfect size for a baby or small child! I could not be more pleased. Worth every penny!

The minute I opened this book my daughter could not stop smiling. She loves the interactive teddy

bear attached and how you can implement it to every page. Its soft to the touch and she enjoys the different noises each page brings. We love reading this to her every night.
