A special book to give on a first birthday. I really like that there's a place inside to inscribe who the gift is from, so the child will always know. I love board books, as toddlers can handle and enjoy them without adults worrying that they'll be ruined!

A very cute book I purchased as a gift for my best friends daughter on her first birthday. I used to write a sweet message to her on her very first birthday. It was a perfect addition to her birthday present with a great message.

I bought this book because it appears to be a series, available now is you are here, you are one and

you are two. I love the simple but sweet message in these and hope the series co iTunes.

What a sweet book for the parents and baby turning one year old. Rather than purchase a birthday card, I used this book to express our well wishes to our granddaughter.

I purchased this for my nephews 1st birthday instead of a card I was going to give a book. I love this book, it is simply so cute and I love how small and cute this is. It flows perfect for him and the rhymes make it fun to read. Great collection and am definitely adding on to the "You're Two" book for his next birthday!

A little treasure to celebrate my granddaughter's first birthday!

great gift for my baby who's turning 1

Will buy another on his 2nd birthday!
