# Audubon Wildflowers Wall Calendar 2016

## **Synopsis**

These are natureâ™s gardens: our coverâ™s pretty red Indian Paintbrush blooms in Canadaâ™s Cathedral Provincial Park. Cheerful fields of golden California Poppies. Clusters of Lewisâ™s Monkeyflowers adorning the banks of a lively creek. And a stand of fluffy Cottongrass mimicking the snows in Denali National Park. Audubon Wildflowers indulges flower lovers with a dozen full-color portraits of North American wildflowers in their native habitats. Spreading their beauty and color across landscapesâ™ only to disappear and re-emerge in another yearâ™ wildflowers celebrate the seasons, and are always a delight to behold.

## **Customer Reviews**

I am always pleased with my Audubon wall calendars and select a different variety each year (trees, national parks, etc.). They have enough room for writing in appointments and are attractive. It supports a good cause. And the holes for hanging do not too easily tear.

Gorgeous pictures and lots of space for writing appointments on the calendar. It's great to have it early for those annual doctor commitments!

Wonderfully illustrated, a must have for wildflower lovers

It's a beautiful calendar.

There are so many calendars from which to choose annually. This one is certainly an eye-catcher and perfect on a wide, white kitchen wall!

This calendar is simply beautiful! Each photo is so lovely! The paper is heavy stock and photos are very sharp and clear! Love it!

This is a beautiful item that arrived quickly after ordering. I will definitely consider ordering another one next year

Beautiful flowers in the calendar. Otherwise, a regular calendar! And the price was good.
