Grade Level: Preschool and up

Customer Reviews

This book is in the old pooh style of drawing which looks much different than what we are used to today. There are two examples for each color...Poohs sweater is red, Piglet's scarf is red. Includes orange sunset, white snow, purple flowers and yellow and black bees.

Love it! The pictures are very vintage but the colors are still vibrant enough for my son to point out. He learned his colors on this book and still loves it! He's not even two years old yet. If it can keep his attention, I think it'll do it for anybody!

I bought this as a gift for a friends baby shower. I really liked the hard back book. I remember as a kid having books like these. It is really sturdy and a baby wont be able to rip it apart or tear it very easily. The words are big and this is a great first book for a baby/newborn. For the price I believe it was a great buy.

Beautiful board book! I bought it for a baby shower gift. Parents requested books instead of cards.

They loved the book & it went with their Pooh decor for baby's room.

The book was a good sized book but the pictures were small and dark. I loved that it was the classic Pooh but the colors were not grouped and you couldn't figure out why some colors were done more than once and others not at all. I love Pooh books but I wouldn't buy this one again.

A wonderful addition to our classic Winnie the Pooh book collection. The illustrations are delightful, with simple wording to encourage your young child to explore the world of colors.

My son loves this book! His room is an "old fashioned" Pooh theme, and this just added some extra character to the room. The pictures are a little different but cute.

A good glimpse at the "old Winnie" the Pooh the way I remember him. You won't be disappointed!
Good quality
