How To Draw Teenage Mutant Ninja Turtles: Learn To Draw Leonardo, Raphael, Donatello, And Michelangelo Step By Step! (Licensed Learn To Draw)

Synopsis

The Teenage Mutant Ninja Turtles have been a popular fixture in children's entertainment for more than 20 years. Now, thanks to the clever minds at Nickelodeon Studios, these pizza-craving, crime-fighting superheroes are on the verge of a major comeback! With a new TV show and major motion picture in development, as well as plans to roll out an all-new toy line, video games, apparel, and more, there has never been a better time to learn to draw these half-shelled superheroes. This 64-page book will teach readers how to master drawing Leonardo, Raphael, Donatello, and Michelangelo in a variety of poses step by easy step. Turtle Power!

Customer Reviews

This book is great for a little older or more enthused or experienced artist. I bought it for my seven year old for Christmas but am going to save it until his 8th birthday, hoping it might be easier for him.

I enjoy learning how to draw these figures, but it is for kids with good motor control, maybe 3rd grade or older. We'll keep practicing!!!

This is a good book, filled with lots of detail. However, even though recommends this for ages 6+,

the drawing are far too complicated for children that young. It is far more appropriate for ages 8-9+.

Kids 6 to 13 are all using this book at home. The color coding of next steps makes it easy to follow, even for young artists. I'll be looking for more instruction books like this as holiday and birthday gifts too.

Keeps my 6 year old entertained. Step by step instructions on how to draw characters. He sits at his desk and draws for up to an hour at a time.

I purchased this for a budding artist for his birthday. He loves Teenage Mutant Ninja Turtles and drawing. Thanks so much!

I bought this so I could practice drawing Ninjas for my grand kids. It is also good for tracing and for identifying the different characters. Great for a Grandmother.

Excellent! My grandson loves this book! It's so easy to draw more complex characters with the step-by-step instructions. I would definitely recommend this book!
