Customer Reviews

It was more than I expected. I am really thankful for that calendar. It helps me very day. There is a lot of space for notes, reminders.I love also those quotes. Very powerful. It was good choice. Amazing pattern inside and outside. Very colorful. I am fall in love :)Thank you! :)

Some of the picture inside are more like snippets of clip art, others are much nicer. The paper stock is good. Good size to carry around, lines are very small - which could be a problem for someone like me who tends to write larger.I like the quotes. I have to be honest, if I saw it in a store and had the opportunity to really look at it prior, I probably wouldn't have purchased it, but now that I have it, I will enjoy.

Really nice planner, doesn't have the months layed out before the start of every month though which threw me off a bit. Shipped in a day even though I asked for normal shipping. The pages are durable and the quotes are really nice input on each page

This planner has been the most motivating, organized and blissful place for my responsibilities to be held.... I am able to open it each time, always finding new hidden images and the color brightens even the gloomiest days. Grateful I made this purchase. Plus it's been my go to for reading Paulo books because of the inspiration with each quote.

These delightful calendars have been presented as gifts to family and friends for a few years. It's a great way to greet each day with beauty and an inspirational quote from Paulo Coelho's books. I usually give one extra copy to my daughter to share with another in need. Alchemy: What a wonderful theme for the new year! Enjoy!

I love it, it fits my daily needs. I get inspired on a daily basis with the quotes on each page, the art work is amazing. I just LOVE it!

This is the second time I've purchased a Paulo Coelho. They are so beautiful and the sayings on the pages moved me to buy several of his books. I'm totally in love with these yearly calendars.

every year I buy one of these for my husband and my mom and they use them all the time. the illustrations are really beautiful and the quotes are amazing too.
