Customer Reviews

This is a great book. This printed version is better because you get more information as well as a place to write your thoughts and ideas. Every child that I have given it to cherishes it and I have a copy myself. I don't know why they went with the paperback version, its missing so much.

I found this book to be a helpful learning tool for my child who is homeschooled and traveling around the country this year. It is a gem with the flair of being chic for my 5 year old.
