Music Appreciation For The Elementary Grades: Book 1

Synopsis

Music Appreciation for the Elementary Grades: Book 1 will introduce children to seven different composers, dating from 1685 to 1828 (Bach, Handel, Haydn, Mozart, Beethoven, Paganini and Schubert). Each composer's childhood and adult life are vividly described in individual biographies. Every important incident is mentioned and every detail of the stories is true. Each book contains written music and delightful pictures throughout. It is more than the human side of these books that will make them live, for in the music the great masters breathe. This book includes a variety of hands-on activities such as: geography lessons, history lessons, recipes, instrument studies, music vocabulary, hand writing, musical facts of the Classical period, timelines, character trait studies, and so much more. Geared for a variety of learners-auditory, kinesthetic, visual, and just plain "active"-the Student Activity Book is an excellent companion to your reading experience. *

Exceeds all of the national standards required for music appreciation (kindergarten - sixth grade.) *

User- friendly for multi-age groups *

Geared for a variety of learners- visual, auditory and kinesthetic

* Incorporates activities from across the curriculum. This text is not a stand-alone curriculum. To use this book you also need to purchase the Music Appreciation Music CDs and the seven composer biographies published by Zeezok Publishing.

Customer Reviews

The program looks adequate. But understand that this book is not a stand alone product. It is virtually useless without the audio CDs and the chapter books on each composer to go with it. Wish the description was updated to explain the system a bit, so that buyers didn't think that this was all

that was needed.
