Customer Reviews

I taught kindergarten, first and second grade music. Movement was part of every lesson. I constantly used this book for activities. It would be good for primary classroom teachers and parents of young children.

This DVD is great for kids. They love it. They have learned the words to several of the songs and it gives them something fun to do.

Great for those songs that aren't being taught in some schools anymore. .can easily teach the short little songs to a piano student learning to play with chords

Thanks for sending in such a prompt mannerEdge was a little worn but inside of the book itself was fine. Price was incredibly reasonable

Just how I remember it as a child! Now I get to share this with MY children.

This is too giggly. We need more action in the songs.

GREATÃ¢Â| everything as I expected!!!
