Best sticker books ever! These entertain my 5 year old daughter for hours. She brings it everywhere and I no longer feel like I need to hand her phone. She owns many of these and enjoys working on them with friends and family.

My niece absolutely loved this sticker book. I also found myself assisting her with some of the fashion. It was actually quite fun. I will be purchasing more book in this collection for her, and maybe one for myself.

My 6 year old loved this and played for hours the first day. She goes back to it on occasion, but I would buy it as something new to do on a road trip or for breaking out on a day when your child is just so bored and you can't entertain them yourself ;)!

Started getting these books for my daughter when she was 3 years old. She is now 7 1/2 and still loves them!

I bought this for a young girl, but I have to admit that I like to work on these myself. This is my second Sticker Dolly book. Good rainy day non-electronic activity! The fashions are so cute!

We love these Usborne Sticker books. So great for my 5 yr and 8yr old while on plane rides or long car rides. They love to put all the stickers on and then read them!

My daughters absolutely love these books. I purchased this particular book for part of our 25 hour drive to Florida and it supplied 4 - 5 hours of entertainment.

I bought these for my daughters and they weren't as into them as I was! I felt like a little girl again playing with my Barbies for hours :)
